Digital Leaders

A warm welcome to our new Digital Leaders for 2025-2026. The Digital Leaders are Year 6 pupils who help promote Computing and Online Safety across the school.

SNAPCHAT

Safeguarding Factsheet

What is Snapchat?

Snapchat is a messaging app where users can create messages, known as "snaps", which can come in the form of a short video, a photo, or text. Snaps can be sent directly to contacts within the app, or uploaded to a story feed, available for 24 hours after upload. Snaps are easy to customise, letting users add filters, special effects, drawings, and captions. Snapchat's features also allow for location sharing with the "Snap Map".

What are Snap Maps?

SnapMaps track location and give real time updates. Any Snapchat "friend" can see their location, even if they're not real friends. Makes it much easier for someone to be tracked. SnapMaps show modes of transport being used and exact locations like a child's home, school, or clubs.

Online Scams

Test your knowledge: Online Scams Childnet have created a quiz for 9- 13 year-olds that includes a range of potential online scams, as well as tips to help your child protect themselves online. Find out more here: https://www.childnet.com/blog/tes t-your-knowledge-about-onlinescams-with-our-quiz-for-9-13-yearolds/

Grooming Online

Grooming is when somebody seeks to build a relationship with a child to exploit them or cause harm. It is important that we teach our children how to recognise red flags. Childline have lots of useful information on their website, including where to get further support from: https://www.childline.org.uk/infoadvice/bullying-abuse-safety/onlinemobile-safety/online-grooming/

ADHD, Screen Time, and Healthy Boundaries

Bark have created this guide for parents of children with ADHD to support you in helping your child create a healthy relationship with technology. You can access it here: https://www.bark.us/blog/adhd-kidand-tech/
